

# THE FUTURE OF LEARNING

Update 9-19-19

## Update

The Board of Education has received the final Future of Learning master planning documents which include:

- Facilities Master Plan
- Education Specifications
- Analysis of Existing Facilities & Appendix of All Documents

## Facilities Master Plan

The Facilities Master Plan identifies a path forward for implementing educational priorities and addressing needed investments in Park City schools.

This vision and goals-based process focused on what the community wants in terms of educational approach and the evaluation of existing facilities and their ability to achieve community goals.
