

THE FUTURE OF LEARNING

Update 12-27-18

Learning Summit

Students, teachers, principals, and community members developed Guiding Principles in an all-day summit.

Guiding Principles

- **Learner-centered** experiences best support student growth.
- Positive and **healthy** schools promote **safety** and security.
- **Relationships** are nurtured and cultivated.
- Meaningful engagement demands **real-world learning**.
- **Flexible, adaptable spaces** support programming and students.
- Commitment to **inclusivity** provides greater access for all.

Quote

"They [Guiding Principles] are the touch points that we come back to with every conversation that we have."

— Clio Rayner, Project Manager, GSBS —

Next Step

Provide feedback on the Guiding Principles in our current online survey:
