

# THE FUTURE OF LEARNING

Update 4-25-19

## K-8 Options

*This is an example of the elementary and middle schools configurations GSBS Consultants presented to the Board of Education.*

## Review the Options

Parents and community members are invited to review the master planning options prior to attending the Community Forum on April 30.

The presentation is available on the homepage of the district website at [pcschools.us](http://pcschools.us)

## Quote

"The options presented to the board were weighed against the Guiding Principles and the criteria developed by the task force groups. There was also a consensus that the 9th grade needs to be at the high school, and 7th and 8th grade need to be together."

– Chris Guarino, NV5  
Owner Representative for PCSD

## April 30 Forum

## Community Forum
