

THE FUTURE OF LEARNING

Update 5-30-19

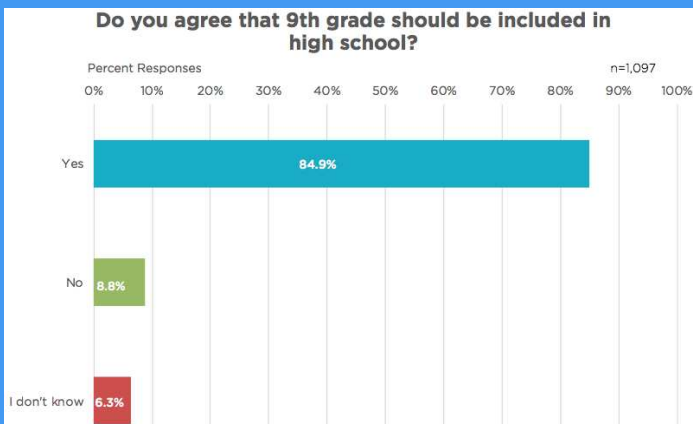

Guiding Principles

Ed Specs

For the past seven months, educators, parents, students, and community members have assisted in creating the guiding principles (left) and education specifications for the district. This comprehensive document will be used in conjunction with the operational, and strategic goals of the district, and will inform the facility master plan.

9th Grade

The grade alignment survey indicated 84.9% believe 9th grade should be moved to the high school, and 54.1% prefer grades 9-12 at one high school in the current location.

Next Steps

Tuesday, June 4
Board Work Session
 9 a.m. | District Office

The board will discuss its next steps and critical priorities during a special work session on Tuesday.

The meeting can be viewed online at:
